April 9, 2014

Maverick is happy to announce the expansion of our Aviation program for Workers Compensation and the other lines of Insurance.

We have flexibility on aviation and aircraft exposures... our program includes anything related to the aviation industry. Work Comp is the lead coverage even though we can entertain the other lines. The base rates are 25% to 40% less than the standard work comp markets and can deviate up to 50%. Extremely competitive. No premium restrictions or mod restrictions.

Our Markets: National Union, Commerce & Industry, Starr Indemnity, QBE, Praetorian, North Pointe, Old Republic, Everest and Companion.

Workers' compensation:

3831 Machine shops aircraft,
3632 machine shops as long as they do aircraft parts of some kind.
3179 electroplating for the aircraft industry
3400 Metal goods mfg aircraft directed.
3724 millwright if aircraft related.
4983 Gasket mfg
7403 , 7405 7409, 7421,7424,7428, 7429 7410 Aviation codes
8018 Stores wholesale, aircraft products or parts.

We are not only looking for general aviation customers, but any type of customers that participate in the industry as well, it can be 9008 janitorial cleaning planes, airport work that is not listed above, risk that get disqualified because the owner is a pilot or owns a plane.

- Corporate flight crews
- Charter flight crews
- Fixed base operators
- Flight training Ground Operations
- Aircraft manufacturers
- Aircraft component manufacturers
- Aviation related government defense contractors
- Maintenance, repair and overhaul facilities

Type of Work Comp programs:

- Guaranteed cost, Large and small deductibles — Individual dividends -
- Direct bill or agency bill
- Various pay plans

In addition to the work comp program, there is a very good safety group DIVIDEND program and special services available depending on the carrier.
